📄 ReBy the Rebel – Whitepaper (Updated)

🌀 Project Overview

ReBy is not just a meme project — it's the first meme-backed ecosystem funding a blockchain. At its core, ReBy is a rebellion of art, community, and real utility. Through NFTs and the $REBY token, it actively supports the development and awareness of the Rebel Blockchain and its native $RBL store-of-value coin.

🎯 Mission

Launch meme-powered NFTs with real utility

Build community-first, VC-free tokenomics

Drive attention and funding to the Rebel Blockchain

Create a sustainable ecosystem powered by Rebels

🎨 NFT Collection

📅 Launch Date: July 31, 2025

🔥 Supply: 150 Genesis ReBy NFTs

🧠 Utility:

Early access to mining tools

Airdrop eligibility (5% of $REBY supply)

Governance roles

Early whitelist access for future drops

🏛 $REBY Token

📅 Launch Date: August 3, 2025 (Pump.fun)

💰 Supply: 1,000,000,000

🧩 Token Utility:

Fuel the meme-layer of the RBL Chain

Stake to earn and mine

Community governance

🖊 Distribution:

5% to NFT holders + airdrops

95% to community (Pump.fun, liquidity, incentives)

💎 $RBL Coin

ReBy supports $RBL, the store-of-value coin powering the Rebel Blockchain.
While $REBY drives meme utility, $RBL is the vault — stable, long-term, and backed by a real network.
